#### I. ACCOMPLISHMENTS and EVALUATION

Describe what was achieved during the time period of the grant.

*I completed "Systematic Review: Opportunities for Librarians" hybrid training offered online and in-person at the University of Michigan in November 2018. In addition to strengthening my knowledge of systematic search strategies, the training also highlighted the need to educate students and faculty on other types of review publications that may be more appropriate for their research other than systematic reviews. The training also introduced me to systematic review software to assist with the process of tracking the analysis of included and excluded resources.*

#### II. IS YOUR PROJECT COMPLETED?

Yes  No

If No, what is needed to complete the project? Is more time needed? Are more funds needed?

*I need the summer of 2019 to develop my Systematic Reviews libguide for OSU students and faculty.*

#### III. FINANCIAL STATEMENT

Explain how the funds were spent. Attach your original budget and indicate how well your estimates matched with actual expenditures. Receipts or documentation of expenses are desirable but not essential.

*Funds spent were significantly lower than the amount awarded as I was able to stay with friends in Ann Arbor, MI, eliminating the need for lodging expense.*

**Original Budget Request: \$950**

<b>Actual Budget</b>	
Course registration	100.00
Flight	461.60
Ground transportation	80.00
<b>Total spent</b>	<b>\$641.60</b>

**IV. SHARING YOUR PRODUCT/RESULTS**

What are your plans for disseminating the results of your work? If it will be a web page or product, or published article or book, when will it be available to the public? Include citations/URLs if known.

*My plan was (and is) to develop a Systematic (and Other Relevant) Reviews libguide during Summer 2019 that focuses on presenting review publication options and their appropriate and relevant application. This work is not yet complete.*
